The Journal for Thematic Dialogue

**3: body #2**

December 2004

*Junctures: The Journal for Thematic Dialogue* is peer-reviewed and published two times a year in December and June by Otago Polytechnic, Dunedin, New Zealand. The editors would like to thank the institution's Committee for Research and Development for its generous support for this project.

*Junctures* aims to engage discussion across boundaries, whether these be disciplinary or geographic. It is concerned with views surrounding issues of location, isolation, creativity and ingenuity. With New Zealand and its Pacific neighbours as a backdrop, but not its only stage, *Junctures* seeks to address the matters which concern people in their environment and daily life. *Junctures* is organised around thematic foci which allow the convergence of disciplines around a nominated topic.

Annual subscription: NZ\$100 institutional domestic; NZ\$140 institutional overseas; NZ\$40 individual domestic; NZ\$65 individual overseas. Requests for subscriptions should include complete mailing address and payment by international money order or credit card and should be sent to: Subscriptions, *Junctures*, Otago Polytechnic, Private Bag 1910, Dunedin, New Zealand.
